### Special Interest Story

I would like to thank, The Refuge APCC, for helping my daughter Justine thru her pregnancy. The Hope Program is a wonderful and exciting way to educate yourself on how to raise your child. The “Baby Bucks” have helped us financially. I have had lots of financial and health problems. One day I asked God to help me find a way to help my daughter prepare for her baby. It was like a **MIRACLE!** After I prayed for God's help, someone told us about your program. When I heard that your program was named “The Hope Closet” I thought that was a great name. That's exactly what it was for us **HOPE**. Hope that my grandson could start life on a good path. I thank God for sending wonderful people into my daughter and unborn grandsons life. A special thanks to Lisa for welcoming us into the program. She was like a guardian angel sent from Heaven to welcome us with love and a beautiful friendship. God bless you for all the help and training we received.

Sincerely,

Celia Barrientos
